

Become part of our Discourse community!

CLEWs practitioners by becoming part of our Discourse community—a dedicated online space for collaboration, learning, and sharing.

This platform allows members to:

Troubleshoot Models

Share challenges, seek advice, and collaborate with other users to overcome technical hurdles in your CLEWs applications.

Share Publications

Showcase your research, explore the work of others, and contribute to the expanding body of knowledge on integrated systems modeling.

Stay Updated on Events

Be the first to know about upcoming capacity-building workshops, webinars, and networking opportunities.

Joining is simple and free! Connect with practitioners, researchers, and policymakers worldwide, and help shape the future of sustainable resource planning. [Visit the forum](#) to sign up and start engaging today!
